SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 21, 1961

Board of Selectmen
Rollinsford, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Rollinsford for the fiscal year ended December 31, 1960, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Municipal Court.

FINANCIAL STATEMENTS

Comparative Balance Sheets:
December 31, 1959 - December 31, 1960:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1959 and December 31, 1960, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by $836.36 in 1960.

Analysis of Change in Financial Condition:
(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt		
Long Term Notes Paid	$3,300.00	
Tax Coll. Excess Credits	35.20	
		$3,335.20

Increase in Net Debt		
Net Budget Deficit	$2,239.69	
Actual 1959 R.R. Tax under Estimate	259.15	
		2,498.84
Net Decrease		$ 836.36

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues:
(Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1960, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of $4,221.47, less a revenue surplus of $1,981.78, resulted in a net budget deficit of $2,239.69.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1960, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1.

Proof of the Treasurer's balance as of December 31, 1960, is shown in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source in so far as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) decreased by $2,463.64, from $11,866.88 to $9,403.24, in 1960, as shown herewith:

	Dec.31, 1959	Dec. 31, 1960
Total Assets	$65,292.30	$75,560.62
Current Liabilities	53,425.42	66,157.38
Current Surplus	$11,866.88	$ 9,403.24

Surety Bond of Town Clerk:

The surety bond of the Town Clerk should be increased from $1,000.00 to $3,000.00 in order that the amount of the bond may be more proportional to the amount of funds received by this official.

Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that in the fiscal year ended December 31, 1960, there was a net overdraft of appropriations amounting to $4,221.47. In other words, total expenditures exceeded total appropriations by this amount.

In accordance with the provisions of the Municipal Budget Law, R.S.A., Chapter 32, under date of October 4, 1960, application was made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, for a certificate of emergency authorizing expenditures in excess of budgetary appropriations in an amount of $1,325.00. This authority was granted by the Commission on October 17, 1960.

It is noted, however, that the actual net overdraft of appropriations of $4,221.47, exceeded the authorized excess expenditures by $2,896.47, as indicated herewith:

Overdrafts of Appropriations	$6,666.66
Unexpended Balances of Appropriations	2,445.19
Net Overdraft of Appropriations	$4,221.47
Less: Certificate of Emergency to Exceed Appropriations	1,325.00
	$2,896.47

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Rollinsford for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler

Report of the Superintendent of Schools

To the School Board and Citizens of Rollinsford:

This report will deal with three areas of major concern to the school, financial--curriculum or school program and the future.

1. The people of Rollinsford will spend over $100,000 to educate their children in the Public Schools this year. This amount is a considerable sum of money as I know anyone will agree. Let us analyze what the money will do. It will provide building, books, paper, heat, lunches, teachers, transportation, insurance and some new equipment. Now, let us see what it will not do. Your teacher salary schedule, even with a change upward, will not enable this school system to compete on even terms with the other New Hampshire school systems in Southeastern New Hampshire. A school system is only as good as the teacher, and we are indeed fortunate to have the staff presently working in our school. The danger arises when we must replace the people now doing the job.

The only source of revenue to pay the bill is the property tax--how much longer can this single source of revenue carry the entire burden. School costs will continue to go up if you want a good education. There are two possibilities for additional funds outside the local property tax-- Federal money and State aid to the Town.

The President has proposed a broad program of aid to local districts through the individual states. His program does not include Federal control of education but is aimed at local tax relief with the ultimate aid of better education for the youth of our country.

The State of New Hampshire ranks forty-ninth out of fifty relative to State aid to education. The State has a stake in local education and should

do more since the State can raise money on a broad scale which can be returned to each Town to relieve the property tax.

I would now like to summarize my stand on this issue of finances. I believe more money is needed for education in Rollinsford. I also believe the local property tax is high and cannot continue to pay the full amount by itself. I believe new sources of revenue are needed and have explained where, I think, additional funds can be secured. There is one point I want everyone to understand-- State aid and or Federal aid is not something that will be given to you- it will be your money because you are the State, you are the Federal government.

2. Curriculum and School Program-- the basic course of studies continues as in the past with the only changes being in the area of music and a re-evaluation of current courses of study.

The three R's are the basis upon which our entire program is built. The main objective is to prepare each and every child for high school, and we are doing the job.

This year we have a music teacher who spends one day per week at the school. The result has been very fine and we have for the first time, in recent years at least, an organized continuing music program in all grades.

3. The future-- Rollinsford is bounded by two cities each of which is growing in all directions. This community will also be faced with problems of growth. This growth, I feel, will be of a residential nature which even though it brings population into the Town also poses many difficulties. The elementary school is large enough to house a nominal increase spread evenly from grade to grade. An addition to this school is entirely possible at any time.

I want to take this opportunity to express my appreciation to all the groups, organizations, and individuals who have supported the school during the past year. I wish to thank the Teachers, Mr. Hatfield, the Custodian, Mr. Lane, Mrs. Wilson, and the Nurse, Miss Stockdale, for their devotion to the youth of Rollinsford. The School Board, Mr. John Lawlor, Chairman, Mrs. Ruth Emerson and Mr. Armand Letarte are to be commended for their diligence, and interest; it has been my pleasure to work with these fine people.

In closing I am going to single out an individual who has given unstintingly of herself to the children of the Town of Rollinsford for half a century. Miss Bernice M. Doherty, Grade 2, I want to publicly express my appreciation for all that you have done for children and for education, your devotion has been above any monetary reward, you personify the one virtue that sets the good teacher apart-- you love children. My greatest regret concerning your retirement is that we won't be able to have you start over on another fifty years-- thank you again, Miss Doherty.

Respectfully submitted,

Rollinsford Grade School
February 8, 1961

To: The Superintendent of Schools
The Rollinsford School Board
The Citizens of the Town of
Rollinsford, N.H.

It is again a pleasure to be able to present to you a report that covers in part some of the activities of the Rollinsford Grade School during the past year 1960 - 1961.

RESPONSIBILITY OF THE SCHOOL

In accomplishing its purpose of educating for well-rounded citizenship, the school is not alone in its efforts. The Home, the Church, and other community agencies share this responsibility. Schools are established to teach those essentials not taught by other agencies in society. Schools began originally with the introduction and wide use of written language, and in the beginning the curriculum was limited to reading, writing, and arithmetic. Cultural advancements and changes in our ways of living brought new things to be taught. The amount of education for complete living has greatly increased. The educational service rendered by the home and some community agencies has substantially declined. As a result, the curriculum has grown enormously.

No other people has ever expected so much of its schools, and no other people has ever been so well served by its schools.

The public schools have primary responsibility for some phases of education, partial responsibility for other phases of education, and an over-all responsibility for educational leadership in the community. The responsibilities of the public school may therefore be viewed as follows:

(1) The phases of education for which the school has primary or chief responsibility include reading, handwriting, arithmetic, spelling, and the basic essentials of oral and written composition, the social studies (geography, history, and civics) and science. Reading is an important primary responsibility of the school. Legible handwriting, proficiency in arithmetic for ordinary needs, and the ability to spell one's written vocabulary are also essential elements of education for which the schools accept primary responsibility. The basic elements of the social studies and science, and a working proficiency in the use of English are also primary responsibility of the school.

(2) Responsibility for some other phases of education are shared jointly and in varying degrees, by the school and other educational agencies (home, church, community, movies, radio, television, press). These shared responsibilities include vocational fitness and the broad outcomes of general education such as the American Way of Life, scientific attitude of mind, health and safety, consumer competence, conservation, thrift, family living, the arts, and moral, ethical, and spiritual values. These shared outcomes include also proficiency in the worthy use of leisure time.

(3) The school has a community-wide responsibility for educational leadership. They support and encourage other educational agencies in the performance of their established educational functions in order to provide a well-rounded educational program for the community as a whole.

These three basic responsibilities of the school are not separate and apart, but interrelated. They operate at the same time. The school, however, sees all three of these functions clearly and strives to perform each of them well. Unless the school performs well the first function (1) it cannot perform well the second (2); and unless it per-

forms the first two efficiently, it cannot perform the third and provide adequate, educational leadership for the community as a whole.

FACULTY

There have been two changes during the past year in the faculty of the school. Mrs. Nancy McHugh left the faculty so that she could join her husband in a new job in another state.

The vacancy in the third grade occasioned by her leaving was filled by Miss Betty Casey. Miss Casey comes to us extremely well recommended after having taught six years in St. Mary's parochial school in Dover, N.H. Miss Casey is a graduate of Mount St. Mary's College in Manchester, N.H. and holds a Bachelor of Arts degree. She has also done graduate work in education in other colleges.

During the time she has been with us she has demonstrated excellent capability in handling both the subject matter and the pupils of grade three.

Our need for a music supervisor in all grades has been filled by Mrs. Hazel Kingsley of Durham, N.H. Mrs. Kingsley is a graduate of University of New Hampshire and holds a Bachelor of Music degree. We have her services one day per week and share her with Somersworth, Durham and Newington. She works well with the pupils of all grades.

Again this year we are receiving the benefit of Mrs. Charles MacIntyre's generosity. She gives her services in teaching penmanship and elementary art to the upper classes, grades 6 - 7 - 8. The people of the district should be most appreciative of her excellent services.

The balance of the faculty has remained the same. By reference to the faculty Data Sheet you will observe all the statistics.

We regret to announce that we are losing the highly valued services of one of our Faculty Members. It is said that "Time waits for No Man," and as a result, it has become necessary for Miss Bernice M. Doherty to leave us. This, I know, she does reluctantly, since her whole life has been wrapped in the teaching of the children of Rollinsford. She has served us well and faithfully for the past 50 years. She undoubtedly has left a lasting influence on most of the townspeople, since she has had most of the members of the town in her grade over the past four generations.

It is with regret that we must say Good Bye to Miss Doherty as a teacher at Rollinsford Grade School but we know that she will be still available to us for help and guidance when we need it.

For her achievements during the past Fifty years, a highly deserved and hearty

WELL DONE!!

ENROLLMENT

During the past year we have had a total enrollment in all grades of two hundred sixteen (216) children. The distribution of these children is readily observable by reference to the enrollment table. It can be seen also that there is an average of 27 pupils per teacher. In the eighth grade, however, there are 32 pupils making this the largest grade to be graduated from the School.

It is anticipated that the entering class in September, 1961 will approximate 30 pupils. On this basis of normal enrollment we will again have about 215 - 220 pupils in the School. The Rollinsford Grade School was constructed to hold 30 pupils per classroom and with 8 classrooms it would appear that the maximum number the building could hold would be 240 pupils. It would then seem that we

would have room for about 25 more pupils if they were equally distributed throughout the grades.

However, it has been rumored that a trailer camp is to be set up in the southeastern area of the town that will accommodate about 30 trailers. It has been definitely shown that another trailer park is being built on the Somersworth Road that will accommodate a large number of trailers.

If either or both of these parks materialize, it will mean that the number of children that will be entering the Rollinsford Grade School will be beyond our capacity to enroll them. It would then become necessary that an addition be constructed on the Rollinsford Grade School.

It is a problem that is facing us, and while it is not yet imperative, it is beginning to make noises that will require a future solution. When this will occur, how soon, or how much, are questions that time alone can answer.

SCHOOL LUNCH PROGRAM

The Lunch Program of the School is directed by the very capable Mrs. Barbara Wilson. Mrs. Wilson serves the school in the dual capacity of dietitian and cook. She is assisted in her cooking and serving by Mr. Willis Lane.

The school is extremely fortunate in having such a capable team of cooks. They prepare daily meals that are tasty, wholesome and have a great deal of eye-appeal.

A typical lunch for each day of the school year is as follows:

(1) A hot dish, consisting of one of each of the following:
   (a) Beef, Pork, Lamb, Chicken, Turkey, Fish
   (b) Potato, Rice, Noodles, Macaroni, Spaghetti
   (c) Vegetables, according to the season, both fresh and canned

ACKNOWLEDGMENTS

I would like to take this opportunity to extend the thanks and appreciation of the Faculty and the Student body to the Martel-Roberge Post American Legion of Salmon Falls for its continuing and unflagging interest and support of the School and its work.

A great many thanks and a large quantity of appreciation is due Mr. Fred Green. Mr. Green is constantly seeking, discovering, and donating materials to the school that have a tremendously important value for the benefit of the students of all the classes and for the school at large.

I wish to extend to Mr. Armand Letarte and his personnel our thanks for the many miles of free transportation that he has given the various classes of the school during the numbers of field trips to local areas that they have taken.

CONCLUSION:

In conclusion, let me offer the thanks and the appreciation of the staff and the Faculty of the Rollinsford Grade School, to the Superintendent, the Members of the Board of Education, and the Citizens of the Town of Rollinsford for their help and understanding in making this school the kind of cooperative venture that serves a community well.

ARTICLE 8. To see if the voters of the Town of Rollinsford will authorize the Selectmen to have the power to appoint a Highway Agent beginning the year 1961.

The Moderator asked the Selectmen to explain this Article, and Mr. Morin stated that it was to enable the Selectmen to have more jurisdiction over the office of Road Agent. If the Agent was appointed by the Selectmen, then they would have the power to fire him if he did not cooperate whereas if he is elected by the people they have no power to remove him from office.

Mr. Cook moved that this Article be adopted as read, seconded by Mrs. Minehan. Motion carried.

Raymond Brunelle made a motion that the Town appropriate $1300.00 to buy a radio for the Fire Department, but the Moderator ruled that this would have to be taken up with the Budget Committee.

Mr. Forge thanked the people for being so courteous and helpful during the meeting.

Mr. Chabot moved, seconded by Mr. Boisvert, that the meeting be adjourned. So voted at 12:30 A.M.
